

VC

Catalyst

An immersive executive education program designed to give investors the knowledge, skills, and networks to invest in startups.

# Info

An immersive executive education program designed to give investors the knowledge, skills, and networks to invest in startups.

VC Catalyst is an exclusive multi-part program designed to provide a comprehensive understanding of the venture investment space. Delivered online, the program has been developed to maximise engagement and collaboration.

This program is one-of-a-kind in Australia, delivered by Wade Institute and sponsored by LaunchVic. You will engage with a curated cohort of diverse participants and experts from local and international markets who will share best practice skills, networks, and thought leadership to help you craft a strong investment thesis.

VC Catalyst also includes the rare opportunity for post program mentoring, continued learning and development through alumni events and masterclasses, and access to Australia's most innovative entrepreneurial network.

## Who is it for?

VC Catalyst alumni include experienced angel, corporate venture, family office, and investment professionals. The program is best suited to:

- individuals looking to enter the angel investment space either as an active individual or as part of a syndicate
- those looking to start a fund
- investment managers who are seeking or have a mandate to invest in early-stage high-growth businesses

## Outcomes

- Learn best practice in venture investing from international and local experts
- Hone your investor strategy, tools and tactics
- Identify opportunities and confidently evaluate early-stage businesses
- Receive post program mentoring and tap into a world-class network of venture capital and angel investors.
